

Creating Confidence Through Drawing

KidzArt® is a nationally recognized, creative, fun and unique drawing program for kids of all ages. Using a simple technology for teaching kids how to draw, KidzArt allows students to explore and create original, representational art in a very short time. Classes are conducted in a safe, non-competitive atmosphere, which inspires the imagination while building Self-confidence. Students are introduced to new lessons and mediums on a regular basis, and begin to feel like young artistic masters with KidzArt after just a few classes!

Mills, Age 10

Morgan, Age 8

Tyler, Age 9

**KidzArt classes are coming to the
Douglass Community Center in September!**
